

Why Deal with the Burden of High Cost Laboratory Setup?

Let TechNeal Lighten your Load and Save You some \$\$\$!

Setting up and running a lab can be expensive and very stressful:

	Monetary Cost	Personal Cost to You
Facility Design and Buildup	\$\$\$\$\$	Many hours back and forth with contractors and consultants.
Platform Selection	\$\$\$\$\$	Many hours back and forth with consultants and multiple vendors.
Test Menu Selection	\$\$\$	Many more hours back and forth with doctors, consultants, and multiple vendors.
Personnel Identification and Training	\$\$\$	Many hours interviewing candidates and ensuring they are trained by vendors.
Daily Operations	\$\$\$	At least one to two hours each day spent on administrative duties.

END RESULT: Significant cost of goods from multiple vendors; plus tremendous investment of personal time and energy to maintain the lab. **Growth? Who has the time to worry about THAT?**

INSTEAD, Let TechNeal do the work for you:

	Monetary Cost	Personal Cost to You
Facility Design and Buildup	\$\$\$\$\$	A few hours with TechNeal to outline your goals for the lab and we will take care of the rest.
Platform Selection	\$\$\$\$\$	None – we will proceed with the goals you’ve set to select the best platform.
Test Menu Selection	\$\$	None – we will build your menu according to your goals for the lab.
Personnel Identification and Training	\$\$	None – TechNeal’s network of pre-qualified individuals will make this step a breeze.
Daily Operations	\$\$	None – TechNeal will handle the daily operations and provide you a report.
